DURING the prevalence of yellow fever in Memphis, up to Monday evening, the Relief Committee had issued 575,352 rations.

RUMORS are rife of Cabinet changes. Attorney General Devens is said to be tired of Washington life and Secretary Thompson is to retire, so the quid nuncs have it. Hon. Eugene Hale is to take his place.

Taylor appeals to the people, who can not be bought and will not be dictated to by the poor creatures of a Ring.—Tribune.

But the "Penitentiary Ring" organ manifests a wonderful interest in his election.

THE Knoxville Tribune, now that it has embarked in a crusade against the Revenue laws and those whose duty it is to enforce them, would do well to reproduce some of its editorials of 1876, when it was bawling for free whiskey and a "still-house in every holler."

THE Rogersville Spectator copies in its editorial columns a diatribe from the Jonesborough Times against Maj. Pettibone, in which he is alluded to as a "Michigan Vulture," "Michigan Shark," "Michigan Conductor," "Michigan Liqueur God," etc. And yet they say the editor of the Spectator is a minister of the Gospel. Oh shame, where is thy blush!

MAJ. PETTIBONE is either very reckless in disturbing his campaign fund, or he is a poor judge of oratory. Taylor proved on him at Witt's Foundry that he had paid W. P. Gillett twenty-five dollars for his services during the canvass, and we suppose Beeves gets about the same pay.—Tribune.

And we suppose that at least twenty times twenty-five dollars was paid to induce delegates to attend the Nashville Democratic gubernatorial Convention, and we know of a number of leading Democrats who suppose the same thing.

MEDICAL DIRECTOR R. W. MITCHELL gave a supper to the Howard Medical Corps at the Peabody Hotel Monday night. Dr. Mitchell delivered a feeling and appropriate speech, after which the following toasts were proposed:

1. The Dead of the Howard Medical Corps—Drink in silence.
2. The President, his Cabinet, and Congress—Hon. W. J. Smith.
3. The Howard Medical Corps—Dr. Palmer, of Florida.
4. The Howard Association—President Langstaff.
5. Our Generous Friends Abroad—J. M. Keating.
6. The Medical Professor of Memphis—Dr. E. M. Willett.
7. The Press—Colonel Nicholls.

THE STORM KING.

WASHINGTON, Oct. 25.—A dispatch to the Signal Office gives the following particulars of the loss of the Express, as brought to Baltimore by the steamer Maggie: She reports all the crew and passengers, with the exception of nine persons, as lost; the crew consisted of twenty-one men. She was first struck by the gale between twelve and two o'clock yesterday morning and soon became unmanageable, and drifted toward Barmen Island. Large seas swept over her and stove in all her joiner work. Her commander, Capt. Barker, one wheelman and one colored passenger were rescued by a passing vessel and taken to Crisfield. Six of the crew were taken off by a boat from the steamer Shirley, of the same line, which lies ashore on Barmen Island. The Shirley was unable to save any of the others and is unable as yet to get off. Her upper saloon was carried away and rapidly filled with water and sank. The scenes of the wreck are described as being horrible in the extreme. The nine men taken to Crisfield were the only persons saved, so that the loss must have been great. The passengers were Mrs. Bacon, of W. Bacon's wharf, St. Mary's county; Mrs. Jones, St. Mary's county; Dr. D. C. Burch, St. Mary's county; Hillman, Baltimore, and three or four colored passengers. The steamer Massachusetts is ashore and disabled at Drum Point; all on board are well. The steamer Louisa is ashore on Middle Ground. The steamer Ide and twenty-three schooners are ashore near the Massachusetts.

The crew were Capt. Barker; First Officer, S. J. Howard; Second Officer, James Henry; Chief Engineer, Chas. W. Bailey; Second

Engineer, Edward Pryor; Clerk, F. J. Stone; Quartermasters, John Douglas, James Douglas; Lookoutman, Fillmore Rice; Steward, Thos. Carrington; Waiters, Nat. Carrington and Geo. Walker; Chambermaid, Matilda —, colored, Willie Barker and five deck hands; Firemen, Robert Hawkins and Dick Wythe.

The signal corps station at Cape Henry reports that the American ship A. S. Davis, of Searsport, Maine, loaded with guano from Callao, and bound for Hampton Roads and Norfolk, ran ashore at 2 o'clock on the morning of the 23d, eight miles south of the station; the vessel and cargo are a total loss. The crew consisted of nineteen men, and were all lost with one exception. He is now at No. 2 Station. The vessel was 1,399 tons, and the cargo was consigned to Hobson, Hurtalata & Co. Nine bodies were washed ashore last night one and a half miles south of the station. The life-saving crew will bury them. Different articles and pieces of the wreck are being constantly washed ashore, and the crew of Life-saving Station No. 2 are on duty guarding the debris. The body of a man supposed to be of the late crew of the Davis, was washed ashore at 2 o'clock this evening and turned over to the life-saving crew. Damages by the storm are reported from Harrisburg and Wilkesbarre, Pa., Absecon, N. J., and Albany, N. Y.

PHILADELPHIA, Oct. 23.—A tempestuous gale of unprecedented severity swept over the city at an early this morning, commencing about 2:30 and reaching its greatest height between 6 and 7:30 a. m. During these brief morning hours incalculable damage was done by wind, which at 2:45 was blowing at the rate of twenty-five miles an hour in a westerly direction. It gradually increased in fury and obtained a velocity of seventy-two miles an hour. Not in many years, if ever before, has there been so much damage done in the streets, public squares and along the river fronts. Many public school buildings are damaged and the public squares devastated. Over 40 churches, all denominations, are more or less damaged by the demolition of steeples, &c. The shed for departing trains at the Philadelphia railroad depot in West Philadelphia was demolished, involving a loss of from forty to fifty thousand dollars. The large depot of the Philadelphia, Wilmington and Baltimore Railroad, at Washington avenue wharf, was reduced to ruins, and the south side of the Pennsylvania grain elevator, in the immediate vicinity, blown in. Two spans of the falls of Schuylkill bridge on the Reading railroad fell in, stopping all travel. Numerous disasters to shipping are reported. Seven persons were killed in this city and about seventy-five injured.

BALTIMORE, Md., Oct. 23.—Arrivals from down the Bay this morning bring in a few particulars of disasters on the Chesapeake. The steamer Express, Captain Barker commander, which left this port Tuesday afternoon for Washington and landings on the Potomac, foundered Tuesday night near No Point, St. Louis county, a short distance above the mouth of the Potomac. Capt. Barker was rescued from the fragments of the boats by a puny, and taken to Crisfield, and arrived here this morning on the steamer Maggie. He reports some of the crew and passengers probably lost. The Shirley, of the York River Line, is ashore at Barmen Island. The steamer Massachusetts is in Patuxent river, supposed to be ashore. The steamer Theodore Weems was towed into Crisfield with the loss of the upper and some of her joiner work, by the steamer Tangier. The Tangier lost an anchor chain and some of her joiner work. The Louise, of the York River Line, arrived here safe last night. The Highland Light and Georgianna, running to Choptank river, also escaped the worst of the gale and came up at their usual time this morning.

NEW YORK.

NEW YORK, Oct. 23.—General Pope declines to appear in the Fitz-John Porter case unless regularly subpoenaed. After the adjournment of the Board General Terry announced that a dispatch was received from the War Department relating to General Pope's appearance as a witness. A conference will be held to-morrow on the subject. Chas. W. Pontez, late policy clerk in the New York Life Insurance Company has been arrested for complicity in the \$64,500 forgery by which the Union Trust Company was victimized.

SOUTHERN METHODIST.

Fifty-Fifth Annual Session of the Holston Conference, M. E. Church South.

SECOND DAY, OCTOBER 24TH.

Conference met at 8 o'clock with Bishop Kavanaugh in the chair, and was opened with religious services, conducted by Rev. D. W. Carter.

After roll call and reading of the minutes by Secretary F. Richardson, the body proceeded to business. Communications were read from Rev. Dr. Summers, and the Secretary of the Board of Missions, and properly referred.

The statement of Mr. P. Gallagher, Treasurer, of expenses of delegates to the General Conference, was presented by Rev. J. M. McTeer, showing a surplus of \$23, which, on motion, was ordered appropriated to the Conference Claim Fund and the same turned over to the Joint Board of Finance.

Other amounts which were collected for expenses of delegates to the General Conference were reported, and, on motion of D. Sullivan, all such sums were ordered turned over to the Joint Board of Finance.

A report of R. N. Price, President of the People's College, was read and referred to the Committee on Education.

A memorial in reference to reducing the representation in District Conferences was presented by J. S. Kennedy, and, on motion, Revs. J. S. Kennedy, E. E. Hoss and B. W. S. Bishop were appointed a committee, to whom the matter is referred.

The report of the committee on representation to General Conference was read, recommending the reduction of said representation from 38 to 36, also providing that each Annual Conference be entitled to 2 delegates. On motion of J. M. McTeer the report was adopted.

W. W. Bays stated that he had consulted Mr. O. Beaman, President of the Street Railway, in reference to reduced rates over the line for preachers boarding in North Knoxville, where it would be convenient, and he had agreed to sell them tickets for 75 cents each, to be good for as many rides as they choose to make during the session of Conference. A generous offer.

J. H. Brunner offered a resolution providing for the appointment of two delegates, one clerical and one lay, to convey fraternal feelings, etc., to the Holston Conference of the M. E. Church at its next annual session.

E. E. Wiley moved the reference of the resolution to a committee of three, with instruction to report. Adopted by a vote of 49 to 10. Appointed as such committee, J. H. Brunner, J. M. McTeer and E. E. Wiley.

On motion of Jas. Atkins, jr., amended by E. E. Hoss, the Conference bar was moved in to the near side of the third window from the pulpit, so as to admit visitors where they can more readily hear proceedings.

Revs. W. C. Graves and J. J. Mancker, of the Holston Conference, M. E. Church, and Rev. Thos. Duncan, of the Protestant Episcopal Church, were presented by Dr. Wiley and introduced by the Bishop to the Conference.

The parchment of A. W. Howard, a member of the Conference many years ago, but expelled, was returned by B. W. S. Bishop.

The 20th question being taken up, Jno. W. Bird, B. W. S. Bishop, John Boring, J. W. Bowman, A. T. Brooks, J. H. Brunner, J. S. Burnett and E. H. Bogle were called and characters passed.

T. H. Bilderback was reported by T. F. Smith, his Presiding Elder, as having left his work after the first quarterly meeting, going to take charge of the farm of his father-in-law, who had died and left the same to his care and responsibility, his attention being necessary to save the property. After some discussion as to the conduct of the brother, H. C. Neal moved to excuse him from leaving his work. Carried without opposition.

Under the 2nd question, "Who remain on trial?" Geo. A. Ozlesby was continued on trial not being present. H. T. Bailey, J. M. Gross, G. W. Summers, Geo. A. Malden, W. B. Pickens, J. J. Brooks, R. A. Owen, John C. Bays, S. L. Richardson, J. F. Wampler, and J. A. Blankenbeckler, reported their work were passed by the Examining Committee, and the Conference and continued on trial in the first year.

N. B. Graves was reported by his Presiding Elder, T. F. Smith, as having withdrawn from the ministry and the Church. It was ascertained, by discussion over his case, that he had been leading a reprehensible life since that time, but at the same time he had still been preaching and exhorting. On motion of J. M. McTeer, he was accordingly discontinued, having withdrawn from the ministry.

The Bishop announced that at the beginning of this morning's session the question, "Who are to be admitted into the Conference?" will be taken up, and all candidates should be promptly on hands.

On motion of J. M. McTeer, the hour of 10 o'clock next Monday was set for the Conference memorial service.

J. N. S. Huffaker was, on motion of F. Richardson, elected an additional assistant secretary.

Religious Services announced preaching for yesterday evening and night as follows:
